

The Maryam Parman Foundation For Injured Children

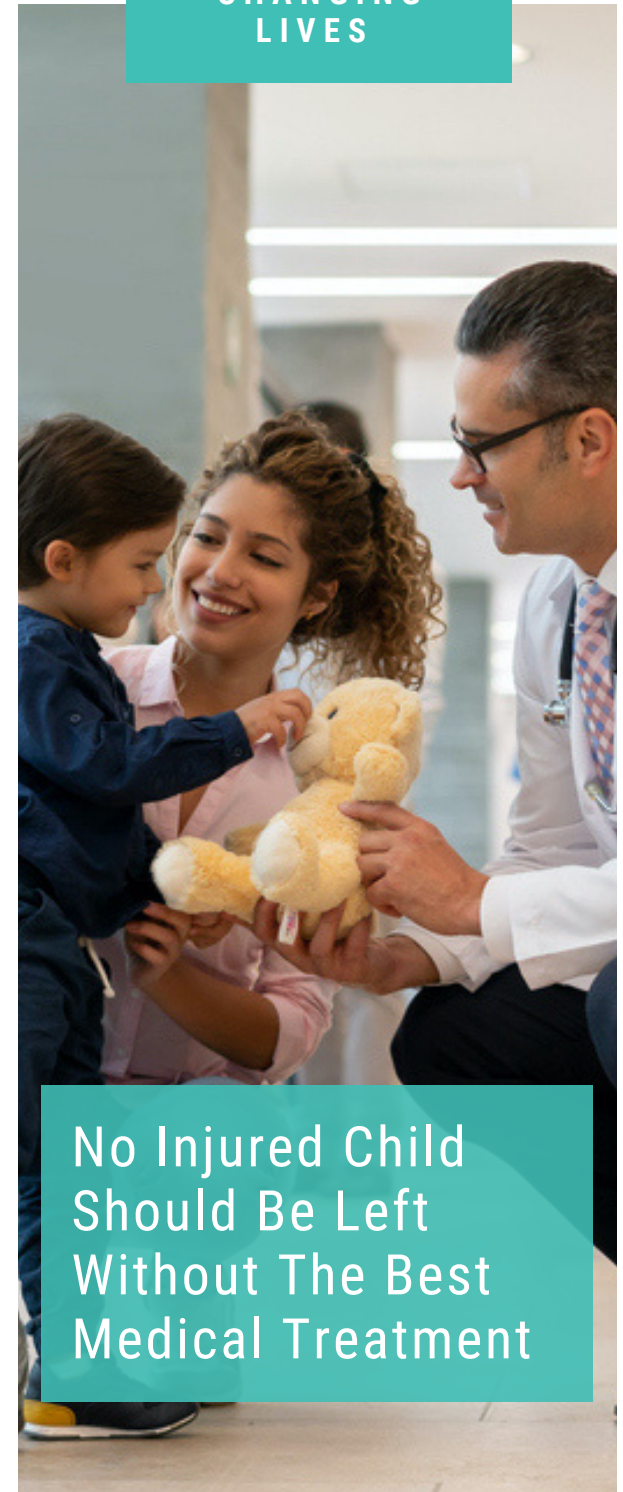

OUR MISSION

We are a California nonprofit with a mission to provide services to children and their families who are affected by catastrophic injury. When health insurance denies coverage, our foundation steps in. When your family does not have the resources to help your child heal, we are here. Whether it is therapy, prosthetics, home modifications, or in-home nursing, our foundation is one-click away from help.

CHANGING
LIVES

No Injured Child
Should Be Left
Without The Best
Medical Treatment

WHAT WE DO

When accidents or illnesses occur and children are injured, our foundation steps in to help. We assist children and their families who have been injured in automobile accidents, sports accidents, burn victims, assault victims, or children who have suffered injuries through illnesses.

While children and their families adjust to living with these injuries, we offer support and resources to make a challenging time a little less difficult.

Our foundation understands the expenses that will come along with an injury and strives to help as many families as possible get through this difficult time. Once a child in need applies for services, our foundation creates an individualized funding plan for each injured child specific to their needs.

HOW WE HELP

We provide the following handicap accessibilities:

- Wheelchairs
- Wheelchair Vans
- Scooters
- Walkers
- Ramps
- Stairlifts
- ADA Home Modifications

We also provide medical care such as:

- Fund Various Forms of Therapy
- Prosthetics
- Medical Devices
